Notice to all Current and Past Self-Help Housing Participants!

A national contest invites current and past families that have built a self-help home to submit short stories and drawings describing what the experience has meant to them. Stories should be 250 words or less. Drawings may also be submitted by children (up to 16 years old) and should be on an 8½ x 11 white paper. Include your name, email and phone number with your submission. E-mail or mail your stories/art by May 15, 2015 to: karen@selfhelphomes.org or Self-Help Homes 709 N 1890 W, Suite #39A, Provo, UT 84601. Selected stories/drawings will be used during the 50th year/50,000 homes celebrations in 2015 and will be on exhibit at the National Self–Help Housing Conference in San Antonio TX in July 2015.
John Forsyth, Construction Superintendent

John is passionate about creating sculptures. He enjoys hands-on projects. He and his wife love kids and enjoy the challenge of being foster parents. He is eager to become proficient in a second language (Spanish). He has a positive attitude and is a past Self-Help participant.

Scott Tuttle, Construction Superintendent

Scott is married and has two children, Max and Harper. He lives in Elk Ridge and is a past participant in the Self-Help program. Scott enjoys spending time with family and friends 4-wheeling, boating and other outdoor activities that involve a motor. He is an advocate of the Self-Help program.

Terri Gersbach, Administrative Assistant

Terri started working for us last September. After thirty-two years of teaching Elementary school, she thought she would retire. That didn't last long. She and her husband Rick have four sons. They now have two grandsons, which she loves to spend time with. She loves to decorate her home and collect antiques.

Sallie Hammock, Administrative Assistant

Sallie and her husband, Roger, moved to Utah, from Atlanta, Georgia, in December 2014. They have three children. Their oldest daughter and her family moved to Utah last August. Their other children live in Alexandria, VA and Dallas, Texas. They have been enjoying the beauty of Utah and are looking forward to seeing more.
DON’T FORGET! We are still offering $50 Referral Bonuses to past and current Self-Help participants that refer a family to our program and they close on their 502 loan. Currently, we are looking for interested families to fill our next group in Elk Ridge Meadows Subdivision. If you know anyone that might be interested in building a Self-Help home, please have them contact us as soon as possible.

Thank you for your donations and continued support of the Mutual Self-Help Program. It is greatly appreciated!

Elk Ridge Meadows Park is Near Completion

Excitement is growing as the park in Elk Ridge Meadows nears completion. Families living and building in Elk Ridge Meadows are anxiously waiting. The playground equipment has been set and picnic tables and benches are in place. Trees and the soft fall around the playground equipment will be installed the week of April 6th. The hydro-seeding will be done the week of April 13th. The funding for this park and walkway was received through the participation of Elk Ridge City, Self-Help Homes and a $100,000 Community Development Block Grant (CDBG) from HUD received through Mountainland Association of Governments (MAG). Landscape work is being done by Schramm’s Landscape & Sprinkler.
